

The Kentuckiana Health Collaborative is pleased to announce the release of the 2019 Consolidated Measurement Report. Private reports were sent to healthcare provider groups throughout Kentucky and Southern Indiana to provide feedback on the quality of care their patients received on select measures. For this report, the quality of care data were aggregated across providers at the county and region level. Aetna Better Health of Kentucky, Anthem Blue Cross Blue Shield, Humana Health Plan of Kentucky, and WellCare Health Plan of Kentucky provided claims data for this report. Measures reported include all of the 2019 Kentucky Core Healthcare Measures Set for which there was available data.¹ For more information, visit

www.KHCCollaborative.org/initiatives/kchms.

KHC Community Reports Snapshot

Health Plans
Submitting Data **4**

Measures **73**

Reported **109**

Kentuckiana Commercial Measures

22 Measures Better Than National Average

TOP 3 MEASURES

Statin Therapy for Patients with Diabetes (Received)

Diabetes Care: Eye Exam (Retinal) Performed

Breast Cancer Screening

28 Measures Worse Than National Average

BOTTOM 3 MEASURES

Weight Assess., Counseling for Children/Adolescents: BMI

Weight Assess., Counseling for Children/Adolescents: Nutrition

Weight Assess., Counseling for Children/Adolescents: Exercise

Kentuckiana Medicaid Measures

17 Measures Better Than National Average

TOP 3 MEASURES

Statin Therapy for Patients with CVD (Received)

Asthma Med. Management (75%)

Appropriate Testing for Children with Pharyngitis

31 Measures Worse Than National Average

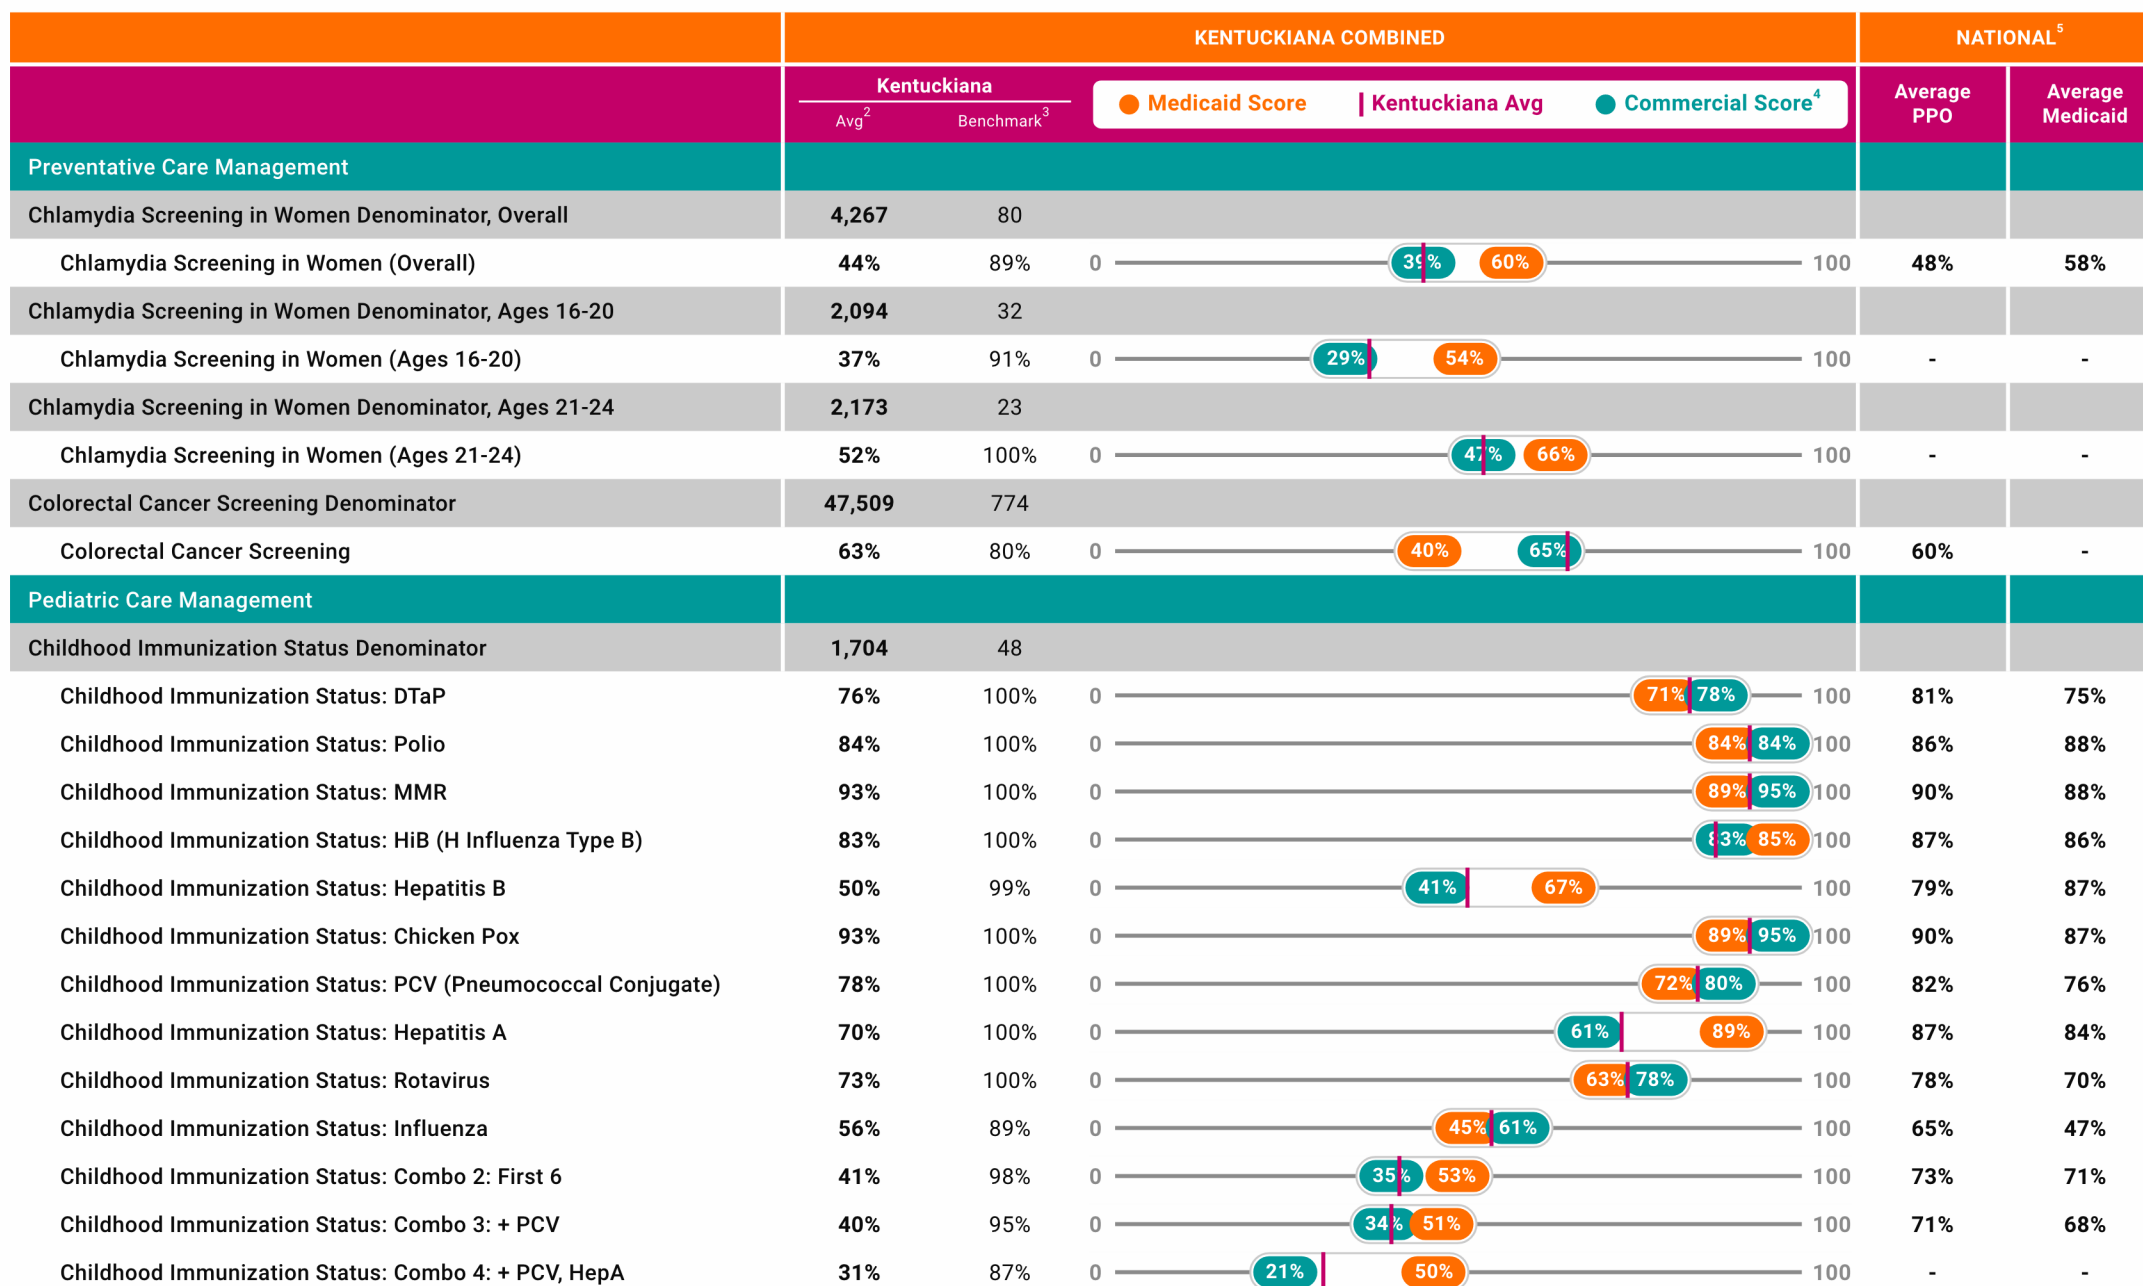

BOTTOM 3 MEASURES

Weight Assess., Counseling for Children/Adolescents: Nutrition

Weight Assess., Counseling for Children/Adolescents: Exercise

Appropriate Treatment for Children with URI

1. Only KCHMS measures included on the National Committee for Quality Assurance (NCQA) Healthcare Effectiveness Data and Information Set (HEDIS®) are included in these reports.

2. The total average across the measure's aggregate denominator (i.e., eligible patients or events) for the Kentuckiana region.

3. The rate met or exceeded by the top 25% of eligible (n > 4) individual providers in Kentuckiana, "-" means that data is not available for comparison.

4. The two health plans that report commercial data, Anthem Blue Cross Blue Shield and Humana Health Plan of Kentucky, carry some Medicare Advantage data, which is included in this section.

5. National averages can be found on NCQA's website, www.ncqa.org.

6. Performance of providers in Kentucky's Jefferson, Oldham, and Bullitt counties and Indiana's Floyd, Clark, Harrison, and Scott counties.

7. Data for statin therapy measures was only available for Aetna Better Health of Kentucky, Humana Health Plan of Kentucky, and WellCare Health Plan of Kentucky.
